THE IMMORTAL DECLARATION OF '76.

Even the pale-faced hand of Stephen Hopkins is not without its counterpart, in the Curiousity of the Rebellion.

It is a fac-simile of that document, as it was captured by a U. S. cavalry trooper of freedom, whose slavery its purpose was to make perpetual.

Letters have been received from several of our most distinguished Senators and Governors, warmly recommending this.

A CARD.

A Card in full has been issued to take preliminary steps toward the publication of a paper that should be the recognized exponent of the "CHRISTIAN UNION MOVEMENT," and apprehending the magnitude and importance of the enterprise, and unwilling to act unadvisedly, or without due precipitation, the Trustees of "THE NEW ERA" have passed a resolution, that the paper be suspended until the 1st of January next, and that it be published under the name of "THE NEW ERA" and "THE CHRISTIAN UNION."

The Trustees take this means of apprising the public of their continued labor in the work before them, and will proceed as fast as wisdom shall dictate.

By order of the Board of Trustees,

C. F. WETMORE,

Secretary.

DR. TEALL & JACKSON'S "PATHOLOGY OR THE REPRODUCTIVE SYSTEM."

This is really a scientific work of great practical value. All other works on the subject described in this volume will have to be read in connection with it, and it is the only work that can be relied upon.

The book is now in the hands of the best booksellers in the city.

It offers judicious advice to suffering humanity which will save thousands from complicating their afflictions by resorting to quack doctors and empirical treatment.—[Boston Journal.]

It is the only work in existence containing directions which will positively cure that distressing disease termed spina-bifida, and other neural diseases which cause so much misery to the human family.—[London Express.]
